

revival conferences

who is Life Action?

We are a revival ministry dedicated to inspiring people to passionately pursue Jesus.

Since 1971, our revival conferences have called millions into a deeper walk with Christ by creating spaces to seek and respond to God.

A Life Action event is not a "mountaintop" spiritual experience for a congregation; it's a "launchpad" that, prayerfully, will ignite your church to complete God's mission in your community and across the world.

Our teams have come alongside thousands of communities across North America, serving churches from a wide variety of denominations and styles.

Is your church next?

//

Life Action teams facilitate conferences inside of churches just like yours. While on site, our teams help create a context for your congregation to seek and respond to God. Congregations who seek and respond to God together find fresh momentum, joy, and unity. They receive a renewed sense of mission, love, and vision!

Seeking God by ...

Pausing "church as usual"

Creating moments for interaction and prayer

Practicing a lifestyle of worship

Meeting for multiple days in a row to focus on Him

Inviting the power of God

Expecting transformational changes

Responding to God by ...

Practicing humility like Jesus did

Growing our awareness of our need for God and each other

Repenting from sin and turning toward God's best plan for our life

Receiving forgiveness from God and extending it to others

Saying yes to Jesus in every aspect of life

Learning how to put God's kingdom first, above all other priorities

why are Life Action conferences unique?

It takes more than **listening** to bring about true transformation, which is why Life Action focuses on **responding** to God and helping people take action on what they learn.

Here's how we build that experience . . .

We come to you.

Our team is equipped to facilitate the whole event. Free your volunteers and leaders to fully participate and enjoy their moments of spiritual renewal.

We serve all ages and stages.

Our life-in-action teachings are designed to help all kinds of people say yes to God, from the youngest children to the most senior adults.

We build up your leadership team

Our team sets aside time to encourage your leaders, to address specific needs among your church staff, and to help them cultivate unity and vision.

We focus on practical application of God's Word.

We create space for people to meet with God and others and then to respond to Him in faith. It's not just about learning—it's about transformational experience and daily obedience.

We are sensitive to your church's cultural dynamics.

We'll meet your congregation where they are, adapting to meet needs effectively and praying with staff leaders on a daily basis.

We provide you with marketing and promotional content.

We provide turnkey marketing kits for your church so they can be ready and excited about what God will do.

We trust God for the finances.

There is no charge to participants for the conference—just an opportunity to give a love offering as God leads. (We only ask the church to cover a scheduling fee and to provide team meals, host homes for our volunteers, and a few incidentals.)

We aim for long-range impact.

We want our events to accelerate the long-term goals of your church: increased outreach, generosity, community engagement, and spiritual health. We'll provide coaching for all of this!

We offer next steps for each participant

We provide in-service and at-home opportunities to obey God's Word and to practice the principles discussed.

We pray for you and with you.

Our team will engage in multiple prayer ministry activities during our time with your church, including praying over individual requests from across your congregation.

what events do you offer?

Summit

Our flagship offering, Summits are built for deep, lifelong impact. They run 8–11 days and provide opportunities for individuals, families, and the congregation at large to encounter God's truth in a concentrated, innovative way. Summits include practical pathways toward honesty, humility, repentance, compassion, forgiveness, all-in obedience to Jesus, and kingdom-first living.

THIRST

For churches seeking an impactful introduction to Life Action, THIRST is a powerful four-day conference that invites people to recognize their personal need for God and experience the abundant life Jesus offers. THIRST will help your church members learn to seek and love God in new ways, respond to His Holy Spirit, live generously, forsake substitutes (idols), and drink deeply from God's grace.

Energize

Energize helps your church take the new life experienced in the Summit and put it into action with Christ. This eight-day event calls believers to mobilize for gospel action, inviting them into love, evangelism, hospitality, mission-hearted generosity, disciple making, strong work ethic, and kingdom-first priorities.

ReFuel

We also offer ReFuel conferences, customized four-day follow-up events designed to reinforce revival principles and help your congregation build on the momentum of previous Life Action experiences. If your church has already utilized Life Action's conference options, ask our team about ReFuel!

what can we expect during a Life Action event?

Christ-centered teaching with personal application in every session.

Full band worship sets and creative music.

Comprehensive children and youth ministries that parallel the adult learning track.

Interactive women's luncheons, prayer times, and staff enrichment meetings.

Personal **spiritual assessments** and follow-up challenges for all attendees.

we provide turnkey marketing kits for your church so you can be ready and excited about what God will do

Free **conference books** and other resources to enrich the experience.

Extra **content tracks** to help boost generosity, hospitality, and family relationships.

Pre- and post-conference resources to help deepen the experience.

Ongoing connections with Life Action's speakers and pastoral relations team.

what are church leaders saying?

"Across the past twenty years, Life Action has conducted five revival meetings in my church. Their approach has brought wonderful changes in the lives of our people. I highly recommend them! I also believe Life Action is ready to partner with urban, suburban, and rural churches that minister to all age groups of any ethnicity, resulting in a church that is spiritually cleansed and changed to go from strength to strength, victory to victory, and hope to hope."

Dr. Dwight McKissic Cornerstone Baptist Church Arlington, Texas

"I can't say enough about Life Action. Their approach to revival focuses on getting people to examine their hearts before God. The team led our church to reflect on things like honesty, humility, repentance, grace, and forgiveness. Focusing on these inward truths got people to set things right with God and brought new life to our church so we can effectively point others to Jesus. The speakers and the worship were great. Our whole church has been invigorated with new life."

Pastor Chris Johnson W3CU Church of Christ Winchester, Ohio

"You wonder if people will come out each night for an event like this, with everyone so busy with sports, school, and other activities. I tried to prepare myself for our worship center being empty, but that was not the case! Our people came back every night. They canceled events and changed their schedules to be there. They clearly saw the importance of it, and God used it to change lives.

I am grateful for the impact Life Action has had!"

Pastor Jeremiah Canfield Reclamation Church Pittsburgh,Pennsylvania

"Life Action did a great job involving our middle and high school students in the event experience. My students were highly engaged, and they loved evening sessions and the team members. Some of our teens got up to share their own testimonies, and we even had a student make a first-time commitment to the Lord."

Youth Pastor Brad Wurzel Berrien Center Bible Church Berrien Center, Michigan
